IMPORTANT MESSAGE FOR PARENTS
It has been brought to my attention that a number of secondary students may be accessing an app called Meow.
This app is free and can be downloaded onto phones or other devices our kids are using.
This app is an 18+ non-filtered app that could lead to the disclosure of personal information. It’s very nature allows for a person to misrepresent themselves as over 18, and then become in contact with others. It places people who have similar “backgrounds” (whether true or fictional) in close cyber proximity, and as such could lead to a potentially very dangerous situation.
Parents should regularly check their children’s devices for such apps. If you do not know what an app does, then it is recommended you find out about it, checking its suitability. (see the link below)
The school has had cyber safety education both as add-on curriculum, and as a part of the regular curriculum in 2014.
We plan to deliver further cyber safety education next term, but regardless, parents would be well advised to ensure they know what their children are accessing.
Further information can be obtained by accessing: www.cybersmart.gov.au

There WILL BE tuckshop tomorrow (last day of term).
