So who are the SU (Scripture Union) QLD Chaplains?
All school chaplains meet the minimum qualification standards set by the state and federal
governments.
90% of SU QLD chaplains exceed these requirements with qualifications at the Diploma
level and above across Youth Work, Human Services, Education and Theology/Ministry.

So what does a chaplain do?
School chaplains provide social, emotional and spiritual support in schools, out-worked
through seven key role areas.

- **9% Extra-Curricular Activities**
  So much goes on in the everyday life of a school and chaplains participate in
  many aspects of it. They coach sporting teams, go on camps and excursions,
  attend school events, help out in school musicals and support student leaders.

- **41% Social and Emotional Support**
  Chaplains complement other school-based support services focused on
  promoting student wellbeing. They do this through facilitating pastoral
  conversations and social and emotional groups and supporting whole school
  wellbeing activities.

- **7% Community Development**
  It takes a village to raise a child. Chaplains facilitate links between the school and
  local organisations like churches and community-based support services to
  enhance the support available to students, parents/carers and staff.

- **16% Mentoring and Role Modelling**
  Chaplains model positive values, attitudes and behaviours to students and
  mentor students towards positive goals and outcomes. They help students
  become better role models for others and provide access to adult role models
  and mentors.

- **15% Education Support**
  There is a close link between learning and wellbeing. Chaplains support the
  educational goals schools have for their students through in-class support, talking
  to students about school issues and running breakfast clubs.

- **6% Spiritual Support**
  While spirituality permeates all aspects of a chaplain's role, chaplains also play a
  specific role in helping students to explore issues of faith and spirituality through
  spiritual conversations, groups and activities.

- **6% Team Contribution**
  Chaplains have a range of organisational and professional responsibilities on top
  of their direct practice work. These can include attending meetings, writing
  reports, participating in professional development and engaging in professional
  supervision.
FATHERS’ DAY STALL
Student Council will operate a stall selling Fathers’ Day gifts to students next Tuesday 1st September. This will give children an opportunity to purchase gifts in a range of prices from $2 to $10. Primary students will visit the stall in organised groups and secondary students may purchase at morning tea time.

FOUND AT SCHOOL
If anyone is missing a pair of soccer boots or a tennis racquet, they are in the year 1 classroom. These items were found in the lower primary playground, apparently left here over the weekend.
There is also a blue child’s watch at the office. This was found recently near the lower primary classroom. A glasses case containing small brown-framed glasses can also be claimed at the office.
There are many items of assorted clothing and lunch-ware either in port racks or in the lost property areas at school. Please check if you are missing a particular item.

ARTS COUNCIL
A Slice of Vaudeville will be presented at school next Monday 31st August at 9am.
This show includes comedy, magic, puppets and ventriloquism.
Attendance cost is $4.50 per student with the performance being for both primary and secondary students. Please send payment to the school office by tomorrow.

NATIONAL NUMERACY & LITERACY WEEK—NEXT WEEK
Children have been completing activities on tessellations and writing captions for photos.
Displays of some of their work will be on show in the windows of various businesses in the main street next week. We thank the businesses involved for their support.

BOOK FAIR
Thanks to all who have supported our library’s book fair. Final purchases can be made up until the end of lunch-time tomorrow.

PREMIER’S READING CHALLENGE
Students in Prep to Year 9 who are taking part in the Premier’s reading challenge are reminded to hand completed sheets back into the library tomorrow.

CRAFT CLUB
Any interested students may join in craft club each Wednesday lunchtime in the Prep room, creating a variety of artworks. Future Wednesday crafts will be self Fathers’ Day craft and pinwheels.

Why kids need risk
Children both want and need to take risks to explore their limits. Risk does not always have a negative outcome. Many positives come from taking risk including gains in self-esteem and resilience when children perceive and meet a challenge. This issue of risk is central to nature play, but often we think about it from the perspective of the wary parent. Experiencing risk and conquering fear, however, is a crucial part of learning for children. Read more on the Nature Play website: https://natureplaysa.org.au/a-tree-a-ladder/
